

Library Enrichment Project

Are you willing to donate at least \$1 per month to enhance library services?

Just \$1 per month will help our local library to continue to offer quality services. State budget cuts have forced the local library to search for alternative sources of income to maintain and enrich our library services. This project allows you to participate in a special way.

Your contribution will allow the library to continue to offer children's programming, evening hours, free computer classes and just-published bestsellers! In addition the library offers copy, notary, and fax services.

If you would like to participate by making a tax-deductible donation that can be added to your Camilla city utility bill, please complete the form below and mail it back to us. For more information or to make changes call us at 336-8372. Thanks for supporting our local library.
